

Phonak Audéo™ Fit

Product information

Our latest innovation in the Paradise line, Audéo Fit has a heart rate sensor that can track the body's health data which can be viewed with the myPhonak app. By tracking heart rate, steps and activity levels, these hearing aids can promote healthy habits and create a greater sense of well-being. Suitable for mild to severe hearing losses and powered by the innovative technology of the Phonak Paradise platform, Phonak Audéo Fit hearing aids are the solution for those clients that want to engage with their health data.

Frequency range (Hz)	2 cc coupler	<100 - >8000
P Receiver		
Maximum Power Output (dB SPL)		122
Max. gain (dB)	2 cc coupler	59
Frequency range (Hz)	2 cc coupler	<100 - 6300

Housing colors

P1
Sand Beige

P4
Chestnut

P6
Silver Gray

¹ IP68 indicates that the hearing aid is water resistant and dust tight. It survived continuous immersion in 1 meter of water for 60 minutes and 8 hours in a dust chamber as per the IEC60529 standard.
² Actual charging time depends on the remaining battery life, but it will not exceed 3 hours.

Phonak Audéo Fit Trial™

The new Phonak Audéo P Fit Trial hearing aids can be quickly set to the required performance level in order to suit your recommendation. Both levels of technology in one Phonak Audéo P Fit Trial hearing aid provides you with many options for providing the hearing solution at the first appointment or bridging the gap during repairs.

Phonak Audéo Fit charging options

Phonak Charger Case Combi

The Phonak Charger Case Combi is a charger, drying kit and protective hard case all in one. Additionally, it includes a cleaning tool in the robust and splash-proof housing.

Phonak Power Pack

For charging rechargeable hearing aids on the go, the Phonak Power Pack can be easily attached to the bottom of the Phonak Charger Case Combi.
